

WISH YOUTH NETWORK SOCIETY

SPONSORSHIP PACKAGE

LETTER FROM THE FOUNDER

In the face of hardship, hope is something often missed or neglected. Yet, hope has such tangible benefits; it is what allows us to overcome and look beyond our obstacles. For the children and their families faced with terminal illnesses or serious medical conditions, this is especially true. Our primary mission at Wish Youth Network Society (WYNS) is to rekindle and sustain hope where it might be hardest to find. Whether it be by supporting cancer research through fundraisers or hosting events for children's hospitals, the WYNS team strives to foster a community of optimism and support.

Another large part of WYNS is its focus on youth empowerment. Our team comprises of students in British Columbia and is branched out into specific cities throughout the Lower Mainland. By reaching out to the children and their families, our representatives are also able to gain valuable experiences being a part of the collective. It has been an honour to see what difference we could make and I am excited to see what more we can do inspired by the values of hope and empathy we hope to once see in everyone.

Christina Seong,

Founder / Director

WHY WYNS?

ABOUT WYNS

WYNS, Wish Youth Network Society, is a provincial, student-led, non-profit organization that seeks to provide hope to youths with serious medical conditions as well as their families via community engagement activities. Our mission is to rekindle and sustain hope for those families who are affected, as well as to foster a community of optimism for support. By engaging the community in these activities, we look to empower the community through outreach in the youth and those we support.

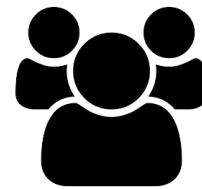

YOUR BUSINESS PRESENCE

Each year, WYNS strives to hold multiple different fundraisers at different levels throughout the organization. Ranging from school fundraisers, regional community events and events that encompass the whole of the Lower Mainland, there are many opportunities for your business to gain exposure to all of our executives, volunteers and participants. The students that are introduced to your business are not only potential clients, but motivated students, young leaders, and community-minded individuals.

SOCIAL MEDIA EXPOSURE

With over 1500 followers across its social media accounts, your business' exposure will continue regularly. With the display of your logo on our website and social media, coming with even the minimum sponsorship package, it is a great opportunity to establish your business within our extensive social network.

MUTUAL BENEFITS

YOUR IMPACT

WYNS strives to ensure as many members of our local communities can be involved in our events. Over past years, we have held events such as benefit concerts, galas, coffee houses and tournaments, all to raise funds to donate to our partner hospitals. Holding such events requires many purchases and donations, such as venues, food and décor. To hold such events, with such number of people, is only possible through the generosity of our sponsors; businesses like yours.

Your sponsorship will allow us to increase the number of community members we are able to host at our events as well as aid us in improving the experience of participants. More importantly, it will drive an association between your brand and the positive impact that WYNS has on our local communities.
